The CBA Hall of Fame

Since 1971, the CBA has provided competition for the top amateur athletes in the Upper Midwest. Many CBA members have gone on to bowl in international tournaments as members of Team USA or have joined the professional ranks on the PBA and PBA Senior Tours.

In 1993, the CBA established its Hall of Fame to recognize the outstanding career achievements of the CBA's best bowlers under the Superior Performance Category. The Hall of Fame also honors those who have contributed to the success of the organization in outstanding ways under the Meritorious Service Category.

CBA Members must accumulate 200 points to be eligible for the Hall of Fame for Superior Performance. The CBA Board of Directors determines qualified candidates for induction in the Meritorious Service Category.

Points accumulated for the Hall of Fame are a little different than points accumulated for an individual season. When going back through all the old CBA prize lists we did not know who bowled the tournament, only those that cashed. If you bowled and didn't cash you were awarded 2 points for that tournament in that season. Those 2 points do not count for the Hall of Fame. Also, when we take more than the top 12 for the cut, 9 points are awarded for 13th through 24th places. Those places are only awarded 5 points, just as in a cashing spot, for Hall of Fame Points.

CBA Members earn Hall of Fame points as follows:

- 10 points for a CBA title
- 10 points for First Team All Star
- 10 Points for Bowler of the Year
- 5 points for Second Team All Star
- One point for every 10 regular CBA points earned during tournament play

Central Bowlers Alliance (CBA)
Rules & Regulations
Revised August 2023

Purpose:

The updating and implementation of the rules are for the betterment, growth and upholding the integrity and responsibility of this organization and its members.

Rule I
Eligibility

- A. The CBA is open to both men and women who are current USBC members. All applicants must be residing in or participating in a sanctioned league in the five state areas consisting of Minnesota, Wisconsin, North Dakota, South Dakota, and Iowa.
- B. Eligible non USBC members may participate by purchasing an unattached USBC membership prior to bowling in a CBA tournament.
- C. Professional bowlers may bowl CBA tournaments if they have not competed in 51% or more of the national tournaments in the Professional Bowlers Association (PBA) in the past 12 months from the date of the current CBA tournament. *Exception: If a bowler was a CBA member before he joined the PBA, he is eligible to bowl as long as he lives in the 5 state area*
- D. Lady Professional Bowler's members (LPBT) may bowl if they are a non-LPBT Champion.

Rule II
Membership

The CBA year runs from May through April of the following year. A \$25 annual membership fee is required to join the CBA, and a membership form must accompany the \$25 fee. A non member may bowl by paying an additional \$10 entry fee and bowl up to two tournaments as a nonmember that CBA year. The nonmember must join in order to bowl three or more tournaments that CBA year.

**Rule III
Tournament Entry**

1. The tournament field may be limited to a certain number of players dependent upon the lanes available.
2. Entry Fee Member \$100.00
Non-Member Plus \$10.00

(See Rule IX for distribution of fees)

3. Tournament Expenses
Lineage \$14.00
Tournament Director \$6.00
Year-End Tournament \$6.00
4. Prize Fund
Prize Fund without added money
Is \$74.00 and will be paid out 100%

**Rule IV
Withdrawal from tournament**

- A. Deadline for Withdrawal

Notice of withdrawal from a tournament must be at least 24 hours prior to the tournament by calling (952) 212-6549 or email Jason Hanson at centralbowlersalliance@gmail.com to prevent a penalty. If no notice is received after the deadline, the bowler is fined \$10 - 1st violation and \$25 - 2nd violation in a current CBA year. If no notice is received, the entire entry fee is fined, (subject to Tournament Director) if the tournament is full and your spot could not be filled.

- B. Withdrawal while Tournament Is in Progress

Withdrawal by a bowler while the tournament is in progress is not allowed unless the Tournament Director gives permission. The penalty for this infraction is a fine of \$10 for the 1st violation, \$25 for the second violation, and suspension for the 3rd violation.

**Rule V
Player Registration at Tournament Site**

- A. Squad Scheduling

Squads are set up in advance by the tournament director. Squad assignments for bowlers alternate after each tournament. Bowlers may not select their own squad assignment. It is the bowler's responsibility to abide by this rule. Violation can result in a fine and/or suspension.

B. Roll Call

Roll Call is 30 minutes prior to the first block of each squad of bowling including the semifinal. A player missing or late for roll call incurs a \$5 fine in the qualifying round, \$10 fine in semifinal round for each offense.

C. Penalties for Late Arrival

1. If a player is late at the official starting time posted for the first round of qualifying, he is automatically disqualified and replaced by the next standby in line. If no standby is available, he may enter play in the same game and frame as his group is then bowling. A score of zero is given for all frames missed.
2. If a player is late starting in a qualifying round after the first round, he must enter in the same game and frames as his group is then bowling. He receives no score for the games or frames missed.
3. If a player is late at the official starting time posted for the semifinals, the alternate or the highest finishing person in the center at the time replaces the late player.

D. Close of Entries & Re Entry

1. Entries close at the starting time of each tournament.
2. No Re Entries Allowed

Rule VI
Registration of Equipment

All USBC specifications apply to bowling balls and equipment. Failure to comply with this rule results in disqualification and forfeiture of all winnings for that tournament. The Tournament Director has the authority to spot-check balls to see that they meet specifications.

Rule VII
Special Rulings

A. Breakdown or Delay

In case of a breakdown or delay caused by a pin machine, the Tournament Director makes a decision regarding the continuation or rescheduling of games. In case of a delay for more than fifteen minutes, the bowlers are allowed one shadow ball on each lane before resuming.

B. Ruling on Pinfall

The Tournament Director is called in to settle any dispute arising over whether the machine knocked over a pin or whether it fell on its own accord.

C. Fouls

**Rule VIII
Scoring/Format**

A. Scorecard

Each player is responsible for his own scorecard and that of the player opposite him. After each game, the player's scorecard and his plus or minus totals must be entered on his scorecard. The player must initial his own scorecard and the opposite player's scorecard at the completion of each game and each block. The overhead score must include each player's plus or minus standing and be visible to spectators.

B. Format

1. Regular Format

Each qualifying block is eight or ten games depending on the tournament site. Each player alternates starting lanes (odd or even) each game and flip flop the starting order each game. If 3 on a lane each player moves up one position and the leadoff bowler moves to the bottom. Players start alphabetically by last name.

The qualifying scores are based on total pinfall for both blocks. These players then enter the Semifinal match games the following day. The number of bowlers advancing to the semifinals is announced prior to the start of A Squad's second block.

After the completion of the final qualifying squad, the field is cut to the:

Top 8 for 24 entries, Top 10 for 30 entries,
Top 12 for 36 entries, Top 14 for 42 entries,
Top 16 for 48 entries, Top 18 for 54 entries,
Top 20 for 60 entries, Top 24 for 72 or more

2. Doubles format and rules are provided at the tournament site. After the completion of the final qualifying squad, the field is cut to the:

Top 8 doubles teams for 35 entries or less
Top 12 doubles teams for 36-63 entries
Top 16 doubles teams for 64 or more entries

3. In the event of a tie score in the qualifying rounds for the last position, a one game roll-off, takes place within one hour after the final round. If either player fails to show up for the roll-off, he or she forfeits the roll-off. Total pinfall determines the winner. The Tournament Director selects the lanes on which the roll-off takes place. If the lanes are not available, the tie is settled ½ hour before the paddock meeting the next morning if it is a Two-Day tournament.
4. Sunday's semifinals consist of 11-match games and a 12th game position round. Lane assignments for match play are determined by the Tournament Director.
5. In the event of a tie after eleven matches (prior to the position round) the following procedure is followed to determine which bowler competes against the higher-ranking position.
 - 1st – the bowler that won the regular match between themselves
 - 2nd – total actual pinfall
 - 3rd – flip of a coin
6. In the event of a tie after 12 matches in positions 1-6 a 9th and 10th frame roll-off determines the tie breaker prior to the start of the step ladder finals.
7. In match play, each player starts fresh (dropping their qualifying scores from the previous day). Each victory in the match play is worth 30 bonus pins (15 pins to each player on a tie) to be added to their cumulative pin total. At the completion of all match-play rounds (which includes the 12th game position round) the five highest players (based on total pinfall plus bonus pins) enter the stepladder finals.
8. In the event of a tie score in positions 6-12, the tie is recorded and the prize money for the positions involved are divided equally between the two contestants.
9. In the stepladder finals, all the previous pinfall is dropped. All stepladder matches are one game only with total pinfall determining the winner of each game. The first game of the stepladder is between the number 5 and number 4 bowler with the winner bowling the number 3 bowler etc., until the champion is determined.

10. In the event of a tie score in the stepladder finals, the two players have a 9th and 10th Frame roll-off with total pinfall determining the winner
- C. Plus and Minus Scores this is arrived at by adding the amount of pins over 200 or subtracting the pins under 200 on a cumulative basis. It is required to display the plus and minus score each and every game. By not having displayed the plus and minus score by the 3rd frame, a fine of \$5.00 per offense may be assessed as determined by the Tournament Director.

Rule IX Prize Fund and Awards

Revision of Prize List

If required, because of a shortage of entries or unforeseen circumstances, the prize list of any CBA tournament may be adjusted so that it adheres as closely as possible to the original breakdown.

Distribution of Prize Fund

Prizes awarded for monthly tournaments are based on a one-to-three ratio; for the year end tournament it is based on a one for two (see rule XVIII). For all tournaments, the last place pays no less than the entry fee. A special prize of "high game out of money" is awarded to the players who did not make the major prize list but rolled the highest game among them. A minimum of one "high game out of money" prizes for each squad is awarded. Additional "high game out of money" prizes may be awarded at the discretion of the Tournament Director based upon entries. All prize fees collected are returned 100% to the participants. The Qualifying Leader receives \$1.00 per entry.

Rule X Substitution

Penalty Procedure

The alternate player (person after the final semifinalist) may enter in the place of a semifinalist (at the Tournament Director's discretion) in case of injury, sickness, or emergency under the following penalty or replacement:

1. In case of a no-show by a semifinalist at the start of the semifinals, an alternate may start without a penalty. A semifinalist is considered a no-show if he or she is not ready to bowl by the first count ball thrown in the semifinals. The alternate bowls in the position of the no-show. The no-show and the alternate then change positions with the no-show becoming the alternate in the prize list. They do not split the combined money.

2. If a bowler is replaced after bowling is in progress, there is a 30-pin penalty to the new bowler. This player and the original player split their combined prize winnings regardless of whether the appointed alternate finished in the prize list or not.
3. If more than one alternate is needed, the Tournament Director appoints the member among the spectators who finished the highest in the qualifying rounds. This player and the original player split their combined prize winnings regardless whether the appointed alternate finished in the prize list or not.
4. Alternate

The alternate (alternates for the Doubles Tournament), if required, is awarded \$50.00; however, to collect the monies he must be present and remain in the building until the completion of the semifinal as well as assist with the operations of the tournament as assigned by the Tournament Director.
